FAITH • LEARNING • LIFE

Class Teacher: Mrs Khanam & Miss Hatahet

Teaching Assistant: Mrs Qudratullah

Theme:
One World: Our Responsibility

Autumn 1
2022

MATHEMATICS

Place Value: Addition & Subtraction

We will focus on reading, comparing and ordering larger numbers, including decimals. There will also be a focus on mental and written strategies to solve money problems.

Algebra

We will begin expressing missing number problems algebraically and solving them. We will also look at how brackets can be used within the order of operations.

Measures

We will convert between varied units of weights and distances, revise reading and converting from the 24-hour clock and relate this to Roman numerals.

Multiplication

We will rehearse mental multiplication strategies as well as the short and long multiplication method.

Please keep an eye on Class Dojo for models.

ENGLISH

Fiction: Eye of the Wolf

In this unit, pupils study the text, paying close attention to the author's use of language and specific devices such as flashback and character viewpoint. They look at the impact of narrative viewpoint and themes within the story, before creating their own piece.

Poetry: Powerful Language

In this unit, the children will explore a range of poems about the natural world by Ted Hughes before writing their own free verse nature poems. They reinforce comprehension skills and the use of figurative language.

Grammar

- Subject, verb and object within a sentence
- Subject, verb, object and adverbial
- The conjunctive
- Colons, lists and bullet points.

SCIENCE & HUMANITIES

Science:

In this '**Living Things and Their Habitats**' unit, the children will learn about **classification of living things, including micro-organisms**. They will sort animals into groups based on their similarities and differences using the **research of Carl Linnaeus** to explore this system deeper. The children will have the opportunity to design their own 'curious creature' and **conduct investigations** into the growth of mould on bread to understand microorganism growth. This will help the children to create a field guide of living things in their local area.

Humanities:

Children take a closer look at the mysteries of tropical rainforests. From the layers of the forest and its animal inhabitants, to the unique climate found in the tropics. **They compare a British forest with the Amazon rainforest, and begin to explore some of the conservation issues surrounding the destruction of rainforest habitats.**

COMPUTING

Year 6 learners will explore how data is transferred over the internet.

PE

Discovering the benefits of circuit training

URDU

Parts of the body

Comprehension activities related to the topic.

Read, translate and write words, sentences

Use of grammar

Giving a simple description of a person

Making statements about parts of the body

Allah created us in different sizes and colours
