Class Teacher: Mrs Jannath

Teaching Assistant: Mrs Mahmood

Theme: British Values

Autumn 2
2022

MATHEMATICS

Addition and Subtraction

The children will consolidate addition and subtraction, and discuss when and why we exchange between ones, tens and hundreds. They will represent addition and subtraction problems in various ways, explaining the most efficient method to solving a problem and why. They will also look at estimating answers to calculations, as well as using the inverse to check answers.

Multiplication and Division

We will introduce multiplication, thinking about the link with repeated addition and ways in which we can multiply. We will also explore the inverse relationship with division, and understand division as sharing equally. We will also solve problems involving multiplication and division.

Problem Solving & Reasoning

Children will be encouraged to use their knowledge of place value to help them with solving problems involving the four operations. In addition, they will be expected to provide reasons for their thinking and approach to problem solving, using the correct mathematical vocabulary.

COMPUTING

Learners will be introduced to programming basics

ENGLISH

Fiction narrative

This half term, we will look at writing a fiction narrative, thinking carefully about how we can use a setting/character description to create an atmosphere. We will also briefly look at how we can use dialogue to move the plot along.

Non-chronological report

We will also explore the features of a non-chronological report, such as identifying examples of structural and language features. This will then support us with writing our own non-chronological report.

Grammar

Through our writing, we will revise key grammatical terms such as verbs, adjectives, coordinating conjunctions, subordinating conjunctions and clauses in a sentence.

PSHE

Our PSHE 'Britain' unit is inspired by the idea that we live in a diverse, multicultural and democratic society and that brings many benefits. It aims to enable the children to identify that they should be respectful of difference. In this unit, children learn about British people, rules, the law, liberty and what living in a democracy means. They also learn about the importance of being tolerant of differences within their society.

ART

This half term, we are focussing on the theme of British Art. Children will be reminded of various techniques such as hatching, cross-hatching, stippling and scumbling. They will investigate how to create light and shadow, making objects appear 3D. As well as this, they will look for inspiration from notable British artists, reflecting on how a range of artwork makes them feel. In addition, they will cover techniques using oil pastels such as light and heavy pressure blending.

What's more, they will create a montage that represents Britain.

SCIENCE & HUMANITIES

In Science, our 'Forces and Magnets' unit will cover forces, friction and magnetic attraction. Children will learn about forces in the context of pushing and pulling, and will work scientifically and collaboratively to investigate friction. Furthermore, they will conduct an investigation into the strength of different types of magnets. The children will have chance to explore the way magnetic poles interact with one another. They will continue to develop their scientific enquiry skills, making observations, predictions and conclusions.

In our humanities unit, Year 3 will improve their locational knowledge through identifying the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, the Prime/Greenwich Meridian and time zones (including day and night). They

ISLAMIC STUDIES

Seerah: Review Events Before Prophethood

Seerah: The First Revelation

Seerah: Secret Preaching: The First Believers

Seerah: Open Preaching: Persecution

Seerah: First Migration to Abyssinia

Seerah: Conversion of Omar (ra)

Seerah: The Boycott

QURAN

Al Sharah, Al Doha

URDU

TOPIC - ANIMALS...JANWAR

Which animal am I?

Where do I live?

What do I eat?

Favourite animal, pets at home

Story of Nuh (as)

Joining 3 to 4 letter words, phonetic values and correct pronunciation, middle and end shape.

PE

To know the main attacking and defending skills in dodgeball. Throwing and catching, throwing, ducking and sidestepping. Understanding the rules

ARABIC

Topics:-

-Greetings

- Numbers 1-10

- To introduce oneself- say name , age -To practise writing short sentences

اسمي - عمري

- To use questions words to form basic questions

ما اسمك ؟

كم عمرك ؟

- To learn the days of the week

- To learn Arabic Nasheed

يا مدرستي- الارقام
