

3rd October 2023

Dear Parents/Carers,

RE: Chess Club

Assalamu Alaikom.

We hope this letter finds you in good health and Imaan.

We are looking into starting a chess club for Key Stage 2 (Years 3 to Years 6).

Learning chess can have many positive benefits in terms of improved reasoning and cognitive skills. It fosters analytical skills, developing the ability to achieve deeper and longer periods of concentration. As well as soft skills such as patience and the ability to win and lose graciously.

CSC (Chess in Schools and Communities) offer chess clubs which teach chess in an innovative and child friendly way.

If you would be interested for your child, please complete the form below by clicking the link, so that we can gauge the demand for chess club and preference in terms of time.
