Persuasive poster, warning posters (instructional writing), speech bubbles, letters of advice, certificates, information booklet, persuasive poster, postcards, diary entry; letter of advice, poem, captions, character descriptions, non-chronological leaflet, writing in role, optional diary, letter of advice, short explanation.

SCIENCE

Uses of Everyday Materials

Children will be able to:

- Identify uses of everyday materials and group these
- Compare the suitability of different everyday materials
- Explain how some materials can change shape
- Explore new materials and inventors

ART

In this unit, children are introduced to the idea that artists can be collectors: they go out into the world, look at things in new ways, and bring things back to the studio to inspire their art. Children will explore observational drawing and experimental mark making, and think about how they can use composition to create their artwork. The exercises and projects in this unit encourage children to begin to develop hand-eye coordination through slow and paced looking. This is balanced by encouraging children to nurture a playful exploration of media and a curiosity towards the world around them.

History- The Great Fire of London

In this unit, the children will investigate the events of the Gunpowder Plot which led to Bonfire Night being introduced into the UK calendar. They will also study the Great Fire of London and decide whether or not it improved London for those living there. Pupils will learn to interpret evidence from the time and afterwards and examine whether the sources are reliable.

PSHE

Think Positive

This unit will help children recognise, talk about and accept their feelings, both positive and negative, as well as how to manage certain emotions. The lessons support themes of thinking positively and calmly, making good decisions and developing resilience. It also encourages the children to explore the positive feelings associated with being thankful, grateful and mindful.

PE

Gymnastics - Pathway What is a pathway and how do we make one? To combine a selection of movements to create a gymnastic sequence. Learn to apply these in a range of activities.

ISLAMIC STUDIES

Salah: A special gift from Allah, getting ready for Salah, steps of Salah, manners (adaab) in the Masjid, kind words and actions, visiting the sick, friends care and share
